

[DATE]

Dear **Host Supervisor**,

Thank you for supporting our internship program at Macquarie University and accepting our student for the **S2 2026** internship.

The below mentioned student will be undertaking work experience with your company from **Week 1** to **Week 13** based at your premises, mentioned below.

Please keep in mind that, during the **semester break**, the students will be on recess.

Please note that the student's final internship mark should be sent to us by **Week 14**. I have attached the *marking criteria* to this email.

The **attached** schedule of *Work Integrated Learning Details* below to be completed and signed on behalf of the company. Please fill the form, sign, and send back to me.

Upon receipt of the documents, we will be able to finalise the internship specific arrangements for the student.

Yours sincerely,

--Signed By--

Student Health Safety and Wellbeing:

Please note that in order for our students to complete the internship, we first require the below: This step will need to be confirmed when completing the activity form. The company will be sent a link to the activity form once this document has been completed, signed and sent back.

- ✓ Capacity to provide appropriate supervision
- ✓ Public Liability Insurance (10 Million minimum)

Macquarie University warrants that it currently holds and will maintain adequate Public Liability Insurance in respect of the student's work experience placement. Additionally, companies must have current Public Liability Insurance coverage of \$10,000,000 or more, along with accident insurance that will cover the student for the entire duration of the work experience.

We also require your organisation to have established policies or processes, to manage the health and safety of employees, which will also apply to student(s):

- ✓ Workplace Health & Safety Policy / Processes
- ✓ Safe Workplace and Inspections of the Workplace
- ✓ Emergency / Evacuation and First Aid Processes

General Assessment Information:

The internship unit is assessed through three components: Mid-term Report & Presentation, Internship Presentation, and Internship final report. The unit does not have hurdle assessments.

In the **full-time internship** unit (40 Credit points), the student works 5 days/week at the workplace. In the **part-time internship** unit (40 Credit points), the student works 3 days/week at the workplace. This is the only difference between the full-time and part-time internship units in terms of learning outcomes. This would naturally affect the length of the reports submitted as well as the projects completed within the internship duration.

Marking Criteria for the Internship Unit:
